– The international business center (MIBC), also known as Moscow city is a commercial district in central Moscow. The project occupies an area of 60 hectares, with the territory chosen being the only area in central Moscow that can accommodate such a project. This area hosts the

1° STOP - MOSCOW

-The statue of Saint Vladimir is 17.5 meter tall made by bronze and it is located next to the Kremlin. It has been committed by Putin. It has been conceived to underline that Saint Vladimir was the spiritual founder of both Russia and Ukraine, this movement created further inflame tensions between the two neighbours.

-Lomonosov State University was established in 1755. With more than 40000 students, Moscow university campus is an extremely complex system, with 1 000 000 m² floor area in 1 000 building and structure, with 8 dormitories housing over 12 000 students and 300 km of utility lines.

1° STOP - MOSCOW

Luzhniki Stadium, initially called Central Lenin Stadium, was built between 1955 and 1956. It was the result of the ambition of the Soviet leadership to upgrade the country's sports facilities after the Soviet Union had tested its first post-war successes at the 1952 Olympics. It is selected to host the final of the world cup 2018 with a current capacity of 81 006 supporters

The Moscow metro is a rapid system serving Moscow. Opened in 1935 with 11 km line and 13 stations, it was the first underground system in the Soviet Union. Now it has 206 stations and its route length is 330.1 km
